

Screening Area Guidelines

This is a triage and screening area

- No family or friends or employees in aid room that are not essential for treatment of the patients
- If the patient is a child one person can accompany the child
- Everyone should wear a mask in the first aid room

Anyone entering the screening area should have their temperature taken and should be under **100 degrees Fahrenheit**.

Please ask the following: ***Do you have symptoms?***

- | | |
|---|------------------------------|
| • Fever or chills | • Headache |
| • Cough | • New loss of taste or smell |
| • Shortness of breath or difficulty breathing | • Sore throat |
| • Fatigue | • Congestion or runny nose |
| • Muscle or body aches | • Nausea or vomiting |
| | • Diarrhea |

If the above symptoms are present and access to aid room is not necessary please provide handouts from CDC and the State of Utah about COVID-19.

When to seek emergency medical attention

If any of the following symptoms are present please call 911, Brighton Clinic, or a Ski Patroller to provide urgent patient care.

Look for **emergency warning signs*** for COVID-19. If someone is showing any of these signs, **seek emergency medical care immediately**:

- Trouble breathing
- Persistent pain or pressure in the chest
- New confusion
- Inability to wake or stay awake
- Bluish lips or face

*This list is not all possible symptoms. Please call your medical provider for any other symptoms that are severe or concerning you.

This list does not include all possible symptoms. CDC will continue to update this list as we learn more about COVID-19.
