

Brighton Ski Patrol
2005-2006
Transportation Report

Date: Today

Instructions:

- Please download the incident report form from the website
- Review the scenario information
 - Complete the incident report
 - Give a brief description of the steps you would take using Brighton protocols.

Weather: Snowing lightly, cloudy, temperature 26 degrees, wind 10 mph and gusting

Snow conditions: variable, soft, powder accumulating

Time: 11:15 am

Your location – Crest top: You are asked to take a toboggan and respond to a person sitting off to the side of the run out from Wren Hollow.

Person:

Male: 12 years old / snowboarder

Experience: beginner (second time snowboarding)

Information on 12 year: cold and snowy, his friend went down without him; he has been working to get down Wren Hollow for 40 minutes. His friend has not checked on him. He is frustrated and just wants to get down and call it a day. The boarder is alert and oriented. No medical conditions.

Transportation: The older brother of the friend dropped the two boys off at 8:45 am and was not returning until 3:30 pm.
